Modern Slavery awareness for parishes and the community

We want to create communities that are safe for all and where everyone can thrive and flourish.

To do this we need to equip our parishes and communities to know how to recognise Modern Slavery and respond in a way that safeguards the vulnerable.

This free event will help you, to learn more about Modern Slavery and discover how you can respond to reducing the risks.

Presenters:

- **Sr Suzette Clark rsc**

Human trafficking is an open wound on the body of contemporary society, a scourge upon the body of Christ. It is a crime against humanity.
